BetterMed Urgent Care provides walk-in urgent care for children and adults by board-certified emergency physicians. Patients can reduce the amount of time spent waiting for care and maximize the time spent with a physician.

No appointment is necessary. Among the issues we can treat are flu symptoms, sore throats, cuts, abdominal pain, sports and other injuries, and much more. For your convenience, BetterMed also provides on-site laboratory tests and X-rays. And, we work with hospitals to facilitate admission, should a patient require additional treatment for more serious conditions.
