MetLife Center for Special Needs Planning helps you take steps to provide lifetime quality care that your child or dependent with special needs requires. Planning for the future of an individual with special needs requires in depth knowledge of the federal laws as they pertain to government benefit eligibility and legal documents such as special needs trusts and guardianships. You are the primary expert, but you may also need to turn to a number of other specialists for assistance.

A Special Needs Planner will work with your tax and legal advisor to provide the appropriate solution for your specific situation.
